2019 COURSE DATES

Mastering Hydronic Systems (NORA Gold)

February 21

PPA Training Center
911B S. Eisenhower Blvd
Middletown, PA 17057
717-939-1781

Mastering Hydronic Systems will review the servicing and maintenance procedures for hot water heating systems. This includes understanding the relationship between how system installation impacts service needs.

Lunch will be provided.

March 26

SpringHill Suites by Marriott
Philadelphia/Plymouth
Meeting
430 Plymouth Rd
Plymouth Meeting, PA 19462
610-940-0400

Our Instructor: Kurt Massa has decades of HVAC industry experience, including positions as an HVAC technician, manager, and instructor. Kurt holds a NORA Gold Certification, is a certified NATE instructor, and has taught various HVACR courses at Delaware County Community College. This combination of field experience, as well as years of sharing his knowledge as an educator, makes Kurt a great resource for the 2019 PPA technical program.

Mastering Hydronics Systems will cover:

- System Components
- Piping
- Sizing
- Service & Maintenance Issues
- Best Practices
- Domestic Hot Water
- Safety

9:00 am –4:00 pm
