July 24, 25 & 26

PPA Training Center
911 S Eisenhower Blvd
Middletown, PA 17057

717-939-1781

8:30 am – 12:00 pm

49 CFR Parts 172.704 states a HazMat employee shall receive certified training required by these subparts at least once every three years. All intrastate and interstate motor carriers transporting hazardous materials, in quantities requiring the display of placards, are required to obtain and display a US DOT number beginning May 1, 2010. These carriers are also subject to the Compliance, Safety, and Accountability (CSA) program.

The HM-126F Certification will follow the requirements as outlined in 172.704 which includes:

- Phase I: General Awareness
- Phase II: Function Specific
- Phase III: Safety
- Phase IV: Security Awareness

Registration includes lunch at the conclusion of class.

Our Instructor: Norm Anger spent over three decades as a State Trooper including 25 years as a Sergeant assigned to the Commercial Vehicle Enforcement Unit. His primary areas of focus included directing officers engaged in roadside inspections, commercial vehicle accidents, and HazMat incident investigations. Norm has also served as an Associate Staff Lead Instructor for the National Training Center in Washington, DC. The National Training Center is the education branch of the Federal Motor Carrier Safety Administration responsible for training both state and federal roadside inspectors throughout the United States.

REGISTRATION FEE:

\$140/PPATEC Member

\$175/Non Member
